# TORRENTULA LITE

RETROFIT VALVE FOR THE BAMBI BUCKET

SEI Industries Ltd. is proud to introduce the Torrentula LITE retrofit valve. This valve can be easily retrofitted to any standard Bambi Bucket between model BB1214 (144 USG) and BB4453 (530 USG) with minimal effort. The Torrentula LITE retrofit valve gives the Bambi Bucket complete multi-dump capabilities using existing power supply at an affordable price. The Torrentula LITE retrofit valve gives all this with the same quality, reliability and service you've come to expect from SEI Industries Ltd.

## RETROFITABLE

Torrentula technology retrofitted to the Bambi Bucket.

## VARIABLE DUMP

Unlimited variable drop control.

## 1-2-3 INSTALLATION

Valve can be retrofitted with minimal effort and with no alteration to the existing power supply.

## ONE-FINGER CONTROL

Simple, reliable and lightweight. The Torrentula LITE adds only 30 lbs (13.6 kg) to the overall weight.

## SEI'S QUALITY

Built using SEI's exemplary engineering standards and supported by our extensive worldwide customer service network.

Model No.	Capacity			Gross Weight		Empty Weight	
	USG	Imp G	Litres	Lbs	Kg	Lbs	Kg
1214	137	114	518	1245	566	103	46
1518	173	144	653	1546	703	105	47
1821	203	174	768	1848	840	106	48
2024	233	194	883	2107	958	165	74
2732	317	264	1198	2825	1284	184	83
3542	413	344	1563	3639	1654	197	89
4453	523	434	1973	4559	2072	200	98
