

# Multi-Purpose Wye

Protek offers a wide selection of valves, including wyes, water thief and siamese. Wyes are used to divide a single flow, allowing fire fighters to extend attack lines when pre-connects do not reach. Both 2-way and 3-way wye options are available. Water Thief allows fire fighters to extend attack lines from a main supply line. Siamese is used to combine several hose lines into one. Both dual-inlet and trio-inlet siamese options available.

## Style 542 Multi-Purpose Wye

Style	542
Material	Alloy
Inlet	2.5" Male or Female x 2 (65 mm)
Outlet	3" Male or Female (65 mm) Optional 2.5" to 6"
